DUAL ELIGIBLE BENEFICIARIES – (Individuals covered by both Medicare and Medicaid)

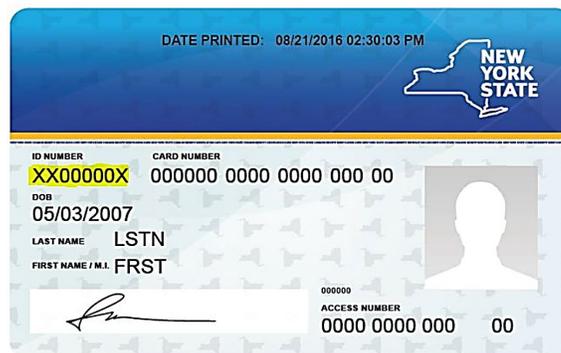

The pharmacy benefit section of your member handbook will no longer be valid after April 1, 2023. Instead, refer to the information below.

There is an upcoming change to your Medicaid pharmacy benefits effective April 1, 2023. Your Medicare Part D pharmacy coverage and pharmacy is not changing.

You can also continue to use your Medicare plan's over-the-counter (OTC) card at your pharmacy for non-prescription medications and certain medical supplies.

PHARMACY BENEFIT CHANGE:

- Starting April 1, 2023, your Medicaid pharmacy prescriptions will not be covered by SelectHealth from VNS Health. They will be covered by Medicaid NYRx, the Medicaid pharmacy program.
- Most pharmacy prescriptions are covered by your Medicare Part D coverage. You may also use your Medicare plan's OTC card as stated above.
- If Medicare does not cover a pharmacy prescription and you need to use your Medicaid pharmacy benefit, most pharmacies in New York State take the Medicaid NYRx pharmacy program. If your pharmacy does not take Medicaid, you may:
 - Ask your doctor to send a new prescription to a pharmacy that takes Medicaid NYRx pharmacy program, or
 - Ask your pharmacist to transfer a refill to a pharmacy that takes the Medicaid NYRx pharmacy program.
- Locate a pharmacy that takes Medicaid NYRx at: member.emedny.org
- You will need to show the pharmacist your NYS Benefit Card. This will tell them your Client Identification Number (CIN).
 - Your NYS Benefit Card looks like this, and your CIN is highlighted:

- Medicaid NYRx pharmacy program covers select prescription drugs, select prescription over-the-counter drugs, select prescription vitamins, and select prescription cough medication. The list of drugs covered by NYRx for Dual Eligible Beneficiaries can be found at:
